GOLF AND LEISURE CARS

FLEET VEHICLES

THEY SAY GOLF CART. WE SAY GOLF CAR.

GARIA FLEETS — A THING OF BEAUTY, AND PROFIT.

Golf management professionals are currently using their Garia fleet to generate revenue and set their club apart from the rest.

INCREASE REVENUE

“Every golf club should have at least one Garia car. After you use a Garia, you will never buy any other golf car. We rent out the more prestigious Garia cars for a higher rent price, and as a result have more rentals than usual and make more profit with Garia.”

Alexander Denyskin, Director of Golf, Superior Golf and Spa Resort

MAKE A LASTING IMPRESSION

“Prospective members tour our community in Garia’s, and this has had a great influence on the amount of memberships we gain. It makes a great first impression, and our members expect nothing less.”

John Lyberger, CCM, PGA Professional & Vice President of Club Operations, Ocean Reef Club

BE A LEADER, NOT A FOLLOWER

“We have only heard good things about Garia and we want to be among the first to lift a conservative market. With our fleet of Garia Golf Cars business has grown...and they pay for themselves on longevity and quality.”

Thomas Nielsen, Golf Manager, Himmerland Golf and Spa Resort
